

How to Walk by the Spirit

10 Weeks with Assignments

This will give you a list of assignments to complete. It will tell you what video to watch or CD/MP3 to listen to and what chapter of the workbook to complete. Each of these assignments is designed to give the Holy Spirit place to speak to you, make His truth flesh in your life, and change you into the image of the Son. These assignments are not just busy-work to make you feel good about completing a course; every one of them is important. Take the time to complete them thoroughly before moving on if you truly want to confidently live and walk by the Spirit.

Lesson One:

Listen to or watch Session 1, taking notes as you listen. Near the end of the session, Mark refers to an extra sheet on Study vs. Meditation. You will find that information here: <http://www.cwgministries.org/Study-vs-Meditation>

NOTE: The information on the four keys to hearing God's voice should be a review for you since you may have already taken the Hearing God's Voice. If you have not yet completed that course, we strongly encourage you to do that first, before you continue with this module. The information and skills you acquire there are absolutely essential to walking and living by the Spirit.

Prayerfully read the Introduction and Appendices A & D of the *How to Walk by the Spirit* textbook.

Lesson Two:

Listen to or watch Session 2, following along in your workbook and taking notes as you listen.

NOTE: Mark is going to be teaching directly from the workbook so you will want to have it in front of you while you watch or listen.

Complete Chapter 1 of the *How to Walk by the Spirit* workbook, including the Application and Journaling Response. (Chapter 1 begins on page 1 of the hard copy and page 15 of the PDF.)

This is a revelation truth that can only become real to you through the breathing of the Holy Spirit upon the Scriptures, making them alive in you. Therefore, the majority of the assignments in the *How to Walk by the Spirit* study guide involve prayerful meditation on various assigned Scripture passages. Do not short-change yourself by not taking these assignments seriously and setting aside the time necessary to really hear from God. Keep a detailed record of the revelations you receive through the Spirit and the Word.

Lesson Three:

Listen to or watch Session 3, following along and taking notes in your workbook as you listen.

Complete Chapter 2 of *How to Walk by the Spirit* (page 25 of the PDF). Don't neglect the Application and Journaling Response.

Lesson Four:

Listen to or watch Session 4, following along in your workbook and taking notes as you listen.

Complete Chapter 3 of *How to Walk by the Spirit* (PDF page 33), including the Application and Journaling Response.

Lesson Five:

Listen to or watch Session 5, following along in your workbook and taking notes as you listen.

Complete Chapter 4 of your workbook, *How to Walk by the Spirit* (PDF page 41) Be sure you are meditating on the verses, involving all of your mind and spirit so that Holy Spirit can bring you all the revelation He wants to for your walk today. And don't neglect the Application and Journaling Response.

Lesson Six:

Listen to or watch Session 6, following along and taking notes as you listen.

Complete Chapters 5 and 6 of the *How to Walk by the Spirit* workbook (beginning PDF page 49). Remember to be dependent on the Spirit to reveal truth to you through the Scriptures and to speak to you about your own spirit as you wait quietly before Him. Answers that come from merely your own mind will be limited in their knowledge and usefulness. You want answers that come from One wiser than You!

Lesson Seven:

Listen to or watch Session 7, following along and taking notes as you listen.

Complete Chapters 7 and 8 of *How to Walk by the Spirit* (beginning PDF page 67). Be sure you are prayerfully doing all Application and Journaling Responses! Head knowledge accomplishes little. It is only what the Spirit reveals to your heart that will have long term effects upon your life.

Lesson Eight:

Listen to or watch Session 8, following along and taking notes in your workbook.

Complete Chapters 9 – 11 of *How to Walk by the Spirit* (beginning PDF page 85), being sure to complete all Application and Journaling Responses.
